

Enable Pop-ups for the WeRecycle Portal in Google Chrome

- 1) While in your Google Chrome browser, click on the **Chrome menu**  and click on **'Settings'**

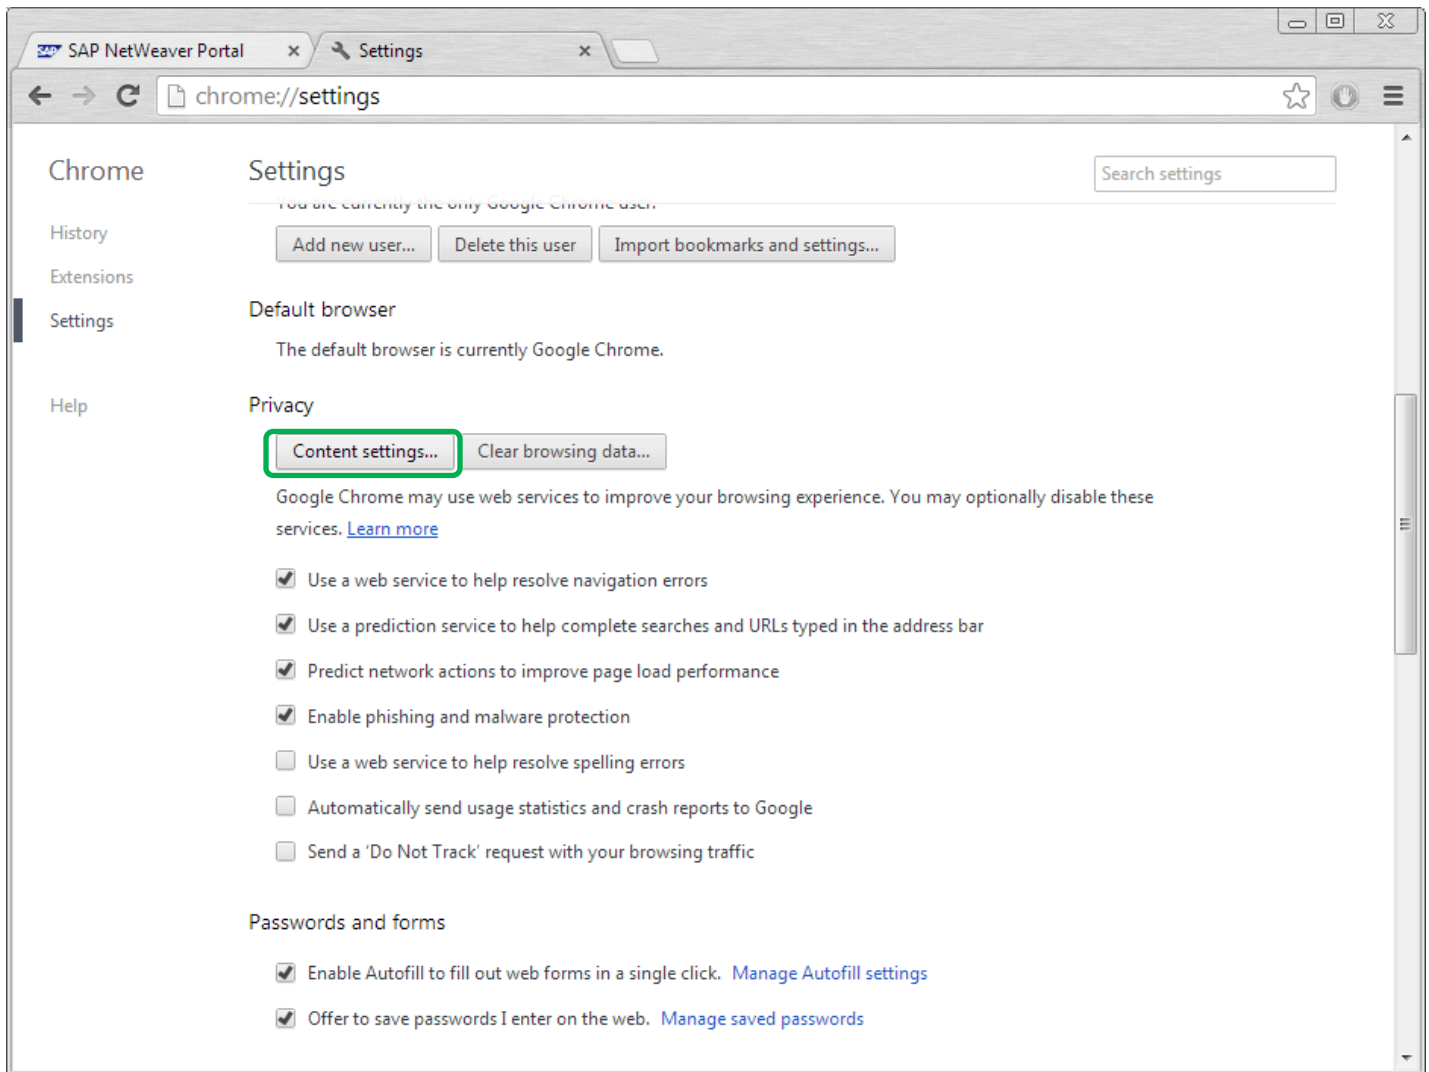

2) Scroll to the bottom of your **Settings** page. Click on '[Show advanced settings...](#)'.

3) Scroll down to the **Privacy** heading and click on the '**Content settings**' button.

4) Scroll down to the **Pop-ups** heading and click on the **'Manage exceptions...'** button.

- 5) In the **Pop-up exceptions** window, add an entry for CSSA by typing in **.cssalliance.ca** in the text field containing "[*].example.com" and ensure that the **Behavior** is set to **Allow**. Press enter once you are finished.

| Hostname pattern | Behavior |
|-----------------------|----------|
| .stewardshipontaro.ca | Allow |
| [*].example.com | Allow |

[Learn more](#) Done

Once finished, you exceptions should be similar to the image below, along with any other exceptions you've already added.

| Hostname pattern | Behavior |
|-----------------------|----------|
| .stewardshipontaro.ca | Allow |
| .cssalliance.ca | Allow |
| [*].example.com | Allow |

[Learn more](#) Done

- 6) Click on **Done** to save your changes.
